**\*\*You do not have to attend all sessions LIVE, with 16 hours in each training day this would be a difficult task. The training is organized to allow for a minimum of 8 hours live sessions for both northern and southern hemispheres. The LEARNING PLATFORM where all live zoom links AND recorded sessions are held in an easy to access format, also allows for conversion of the timetable to your own time zone.**

**Recordings will be available for viewing within 24 hours of the last session.**
